- **Faculty :**

- To form a strong faculty it is essential for us to have an efficient and well organized team. If the following order is followed, it will be more convenient to form this team.

- For proper administration of the organization, one director course director for each course should be appointed, as an efficient director can only run the entire administration smoothly.
- Shastri, Acharya and Pracharya should be appointed with the director's consent.
- Director should be a learned person, having knowledge of astrology; so that he is able to guide all those working as Acharya and keep them under his control.
- Director will act as a bridge between the Chapter Chairman and Acharya.

- **Remuneration:**

- Rs 300/- for each lesson to the Director, Rs 250/- for each lesson to Pracharya and Rs 200/- for each lesson to Acharya/Shastri should be paid.
- To begin with no fixed amount should be committed to the Director. But after a year some incentive should be given to him, according to services rendered by him.

- **Premises:**

- To start with, 1 to 2 rooms will be required for the classes. Requirement will rise to 3 to 4 rooms after a year. So even if you can spare one or two rooms, you should take some place in a school to run these courses. The space you have can be utilized for an office and extra classes. This space can also be used for teaching if the number of students is small, or for scholars doing research. Regular classes should be held in a school or collage with congenial atmosphere for academics.
- If you can provide proper atmosphere to the students for learning, you can surely expect more students in more the next session.
- You should be able to hire a room in a school for Rs 1000/- to Rs 2000/- per month.
- The rent could be higher in big cities. Or you could share some percentage of the entire amount collected as fees, with the school authorities.

- **Courses:**
  - **You can start the following courses in the beginning:**
  - Jyotish Ratna
  - Vastu Ratna                      For Beginners
  - Ank Jyotishcharya
  - Samudrik Ratna
  - Jyotish Rishi                      For those who are familiar with astrology but are unsure about predictions.
  - Jyotish Maharishi              For those who are knowledgeable in astrology and would like to pursue research in subjects related to Astrology.
  - Vastu Maharishi                For research in Vastu.
  - Samudrik Maharishi          For research in Palmistry.

Duration of the first four courses is of 3 months and 6 months. Classes for short-term courses (for 3 months) will be held from Monday to Friday, for 2 hours everyday and for the 6 months course only on Saturday and Sunday for 2 hours every day or classes of 80 hours duration can be held according to convenience.

**Break up of total teaching time of 80 hours will be as follows:**

**(Short Term)** 13 weeks × 3 classes every week × each class of 2 hours = 78 hours.

**(Long Term)** 5 months × 4 weeks × 4 hours every week = 80 (Holiday & exam for 1 month)

For Jyotish Rishi course, classes will be held only on Sunday and each class will be of 2 hours' duration and this course will continue for a year. Students will be given problems to be solved at home and the stress will be on teaching them to do predictions on their own. In this course also teaching time will be 80 hours.

2 hours every week × 4 weeks every month × 10 months = 80 hours.

- **Web Site of Federation:**
  - We are pleased to inform that web site of the federation has been started by the name of **AIFAS.COM**. A page has been made for each and every chapter. You are requested to give your and your faculty bio data, photograph, courses offered with timings and any other information you would like to put on this web page.
  - You can down load various details from the website chapter details, question bank, prospectus, course material are available on website also.
- **Research Journal of Federation:**
  - The "**AIFAS Journal of Astrology**" is published quarterly and will contain researches done by various Maharshi students and faculty of our chapter's along with numbers of research work done by other organizations. The language will be mainly English but may contain papers in any language.

- **Do's and Don'ts:**

- All chapters are advised to be in touch with the centre quarterly through the form enclosed. You may fill it on our site AIFAS.COM or may mail it monthly. Please send the form even if you do not have anything to convey – just fill up the number of students and mail it.
- Jyotish Rishi is a course for astrologers who want to revise their knowledge. It is suggested to hold only one class a week so that they are in touch with the subject for a long time. To have new students in this course you can make it a rolling class. You divide the course in four independent parts – (a) Yoga, Dasha and transit, (b) Horoscope analysis, (c) Laghu Parashari and Remedies, (d) matching and Muhurat. Enroll new students every quarter and give exams after one year to the corresponding batch.
- Jyotish Maharshi has received a lot of inquiries and enrolments. It is suggested that every chapter chairman or at least one from their faculty should do this. They will have to initially be in touch with Delhi Office and do research using large database. Future Point will provide the computerization facilities free. The outcome of the result will be purely statistical and acceptable to the scientists who hesitate to accept astrology as science.
- It is suggested to all chapters that instead of holding convocation or any other such meeting independently, they should be in touch with the governor of the state and should try to hold a combined meeting for the state so that the cost is low and the size is big and members of chapters of other states may also join.
- All chapters are advised to close any other similar courses run by them. They should run the course as offered by the federation only. Strictly from 1<sup>st</sup> July 2002 they should not run similar courses as offered by the federation. If they have any other new idea they should contact the federation so that it may be implemented throughout.
- Chapters are issued a Certificate of Chapter Membership.
- It has been proposed to honour all faculty members by a certificate as under:

➤ Shastri	in Jyotish, Vastu, Samudrik or Ank Jyotish
